SUMMARY

Creative designer and front-end developer with an A.A.S in Graphic Design and hands-on experience building responsive, interactive websites using HTML, CSS, and JavaScript.

SELECTED WORKS

ISHA V2 — Personal Portfolio ↗

HTML · CSS · JavaScript

Designed and developed an interactive desktop-inspired portfolio featuring custom UI windows, responsive layouts, animations and project showcases.

Genshin Archive — Interactive Web Experience ↗

HTML · CSS · JavaScript

Creative an immersive fan-inspired web experience using video, atmospheric visuals, scroll-based sections, motion effects, and interactive UI elements.

Rewind! — Music Player ↗

HTML · CSS · JavaScript

Built a custom music player interface with playlists, favorites, playback controls, song management, and responsive layouts.

Bada Lee — Choreography Website ↗

HTML · CSS · JavaScript

Designed a motion-focused editorial website using video, timeline interactions, bold typography, and a dark visual system inspired by dance and movement.
